

THE OPTIMUM

PC AND MEASURING CART

duo-cart

A strong solution.

Two support columns provide a high level of stability and with separate cable routing for power cables and data lines. **duo-cart** is suitable for a wide range of settings and all applications where medical measuring instrumentation and PCs are working together.

- PC cart
- Test and measurement cart
- Mobile data capture
- Ward and service deployment

THE IDEAL PLATFORM FOR YOUR SOLUTIONS

 Separating routing for data and power lines with two support columns

- Mounting holders for medical equipment in the support columns
- Flexible installation width for base (from 450 to 600 mm)
- Length and angle of stabilizers adjustable
- Integrated strain relief in the support columns
- Big selection of system components and accessories

Design elements such as the support column, hub and stabilizers from **uni-cart** form the basic structure for the flexible **duo-cart**.

The two support columns offer ideal twin functions. System components like shelves and drawers can be positioned individually using the internal and external T-slots. The columns also facilitate separate cable routing of power cables and data lines and simple integration of socket strips.

Designed down to the last detail

All components and accessories have been designed for efficient, reliable functionality, e.g. the strain relief, the cover for the cabling, stable shelves, rounded corners and rollerguided, self-retracting steel runners.

Please note:

All system components, e.g. shelves, monitor shelf, drawers, storage baskets, socket strips, infusion stands, endoscope holders, etc. in our **classic-cart** line can be installed in this system.

Support column including strain relief

Basic frame duo-cort

EURO electric set and 3-way socket strip integrated in the support column

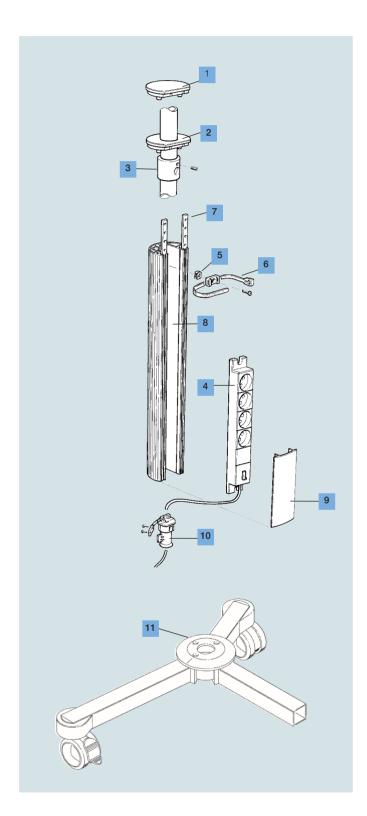

Flat screen holder and shelf with mousepad – the ideal combination for mobile data capture

Spacious shelves and drawers provide a stable platform for valuable electrical medical equipment

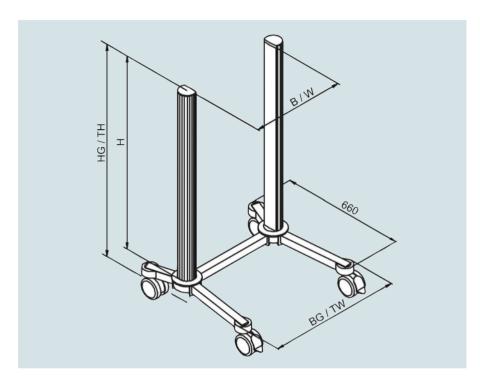

DESIGN ELEMENTS AND DIMENSIONS

- 1 Cap made of ABS plastic
- 2 Cap made of ABS plastic, with hole, used with accessories (e.g. infusion stand, lamp, etc.)
- 3 Mounting for the bar Ø 25 mm
- 4 Socket strip, variable mounting in the rear T-slot of the support column
- 5 Spring nut M5 or M6
- 6 Cable tie
- 7 Tapped strip for mounting all assemblies on the support column, tapped hole M6 at increments of 32 mm.
- 8 Support column
- 9 Cover strip to close the cavity of the support column between assemblies.
- 10 Strain relief
- 11 Foot with 4 stabilizers, 2 hubs and crosspiece

Basic frame **duo-cart** with 4 stabilizers, crosspieces and support columns

Total width TW	Installation width W
640 mm	450 mm
690 mm	500 mm
790 mm	600 mm

Installation height	Columns = H	TH for Castors Ø 100 mm	TH for Castors Ø 125 mm	TH for Castors Ø 150 mm
21 U ¹⁾	680 mm	857 mm	885 mm	923 mm
30 U ¹⁾	968 mm	1145 mm	1173 mm	1211 mm
40 U ¹⁾	1288 mm	1465 mm	1493 mm	1531 mm

Load capacity

Basic frame total payload:	80 kg /	180,0	lbs
Shelf	50 kg /	110,0	lbs
Shelf pullout	20 kg /	44,0	lbs
Drawer with lock	20 kg/	44,0	lbs
Drawer without lock	3 kg /	6,6	lbs

Setup

- 2 support columns each with 2 stabilizers and hub, connected by crosspieces. Positive and friction fit, variable setup for high stability
- Four twin swivel castors Ø 100 mm, two with wheel locks (alternatively Ø 125 or 150 mm), all sizes also in conductive version.
- Comprehensive system components and accessories for different applications.
- Supplied fully assembled

1) 1 U = 32 mm

THE MODULAR SYSTEM FOR INDIVIDUAL SOLUTIONS

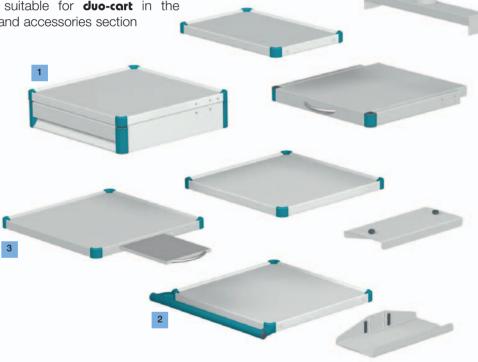

duo-cart

Use the modular system to put together your individual **duo-cart**. Contact us for any support you require. Your **duo-cart** will be delivered to you fully assembled and packaged within the space of a few days. This is a system for diverse applications.

Here is a small selection of system components and accessories.

You will find the entire accessories programme with a comprehensive description and ordering information on all components suitable for **duo-cart** in the system components and accessories section
