toro

The robust and striking equipment cart system

Makes a lasting impression in hospitals and medical practices

This modular cart system is impressively robust and combines striking design with extremely high stability. Due to considerable capacity, toro meets stringent requirements as a mobile support system for compact device combinations – serving as a base cart, equipment cart, ergometer cart, endoscopy cart, emergency cart or computer cart, to name just a few examples.

The toro carts are available in widths of 450 or 630 mm and have decorative strips in grey or blue. They can be adapted to suit all areas of application and fitted with the necessary system components and accessories for a wide range of uses. The toro system can also be customised to meet your individual requirements.

In clinics, rehabilitation centres and medical practices, toro carts are in their element – and they are bound to impress those who see their strength put to the test.

toro – the heavy duty equipment cart system from HAEBERLE – specialists in the development of innovative cart systems for medical equipment since 1933.

The system parts

- All toro carts include the following as standard: extremely strong chassis, 4 quality 125 mm dia. castors with integrated thread guard and wall guards, 2 castors are lockable.
- High-grade aluminium carrier unit including profile cover and decorative strips, in grey or blue colour.
- Cable duct horizontal arm with integrated cable guide for the optimal management of up to 6 cables or a multiple socket outlet.
- Strong, disinfectant-resistant metal shelves, 450 or 630 mm wide with rounded grey decorative corners.
- Pull-out shelf for storing equipment or a keyboard.
- Soft self-closing drawers with ball castor bearing guide rails and a practical grey handle with label window.
- Elegant and striking grey push handles. 2 or 4 push handles can be mounted on a cart.
- Accessories for many fields of application.

Customised is our standard

For maximum mobility in the workplace

Since 1933, our company has been employing smart ideas and applying practical solutions to develop countless innovative product lines in the area of multipurpose equipment carts. These have been marketed worldwide with great success.

With our products and solutions, we guarantee maximum mobility, flexibility and reliability in the workplace. This means everyone can focus fully and completely on their own work.

We consistently implement the basic modular idea to develop practical solutions. The wide variety of standard components makes each individual cart an individually tailored customer solution – whether it's for a doctor's practice, small volume production or large quantities for equipment manufacturers. Even if you need to have it tailored just for you – HAEBERLE will make this possible.

HAEBERLE HAS IT: a modular basic system for your multifunctional carts. And if you need something extra? No problem, remember HAEBERLE MAKES IT: exactly the customised solution you require.

Standard colours

Choose the decorative strips in 2 trendy colours.

In your order please specify the colour code by adding it as the last digit to the reference number:

6502B

accord. to NCS

grey

Ref. no. **xxxx.1**

3502B

accord. to NCS

blue

Ref. no. **xxxx.2**

Other colour combinations or individual colours on request.
